AIMS AND SCOPE

The Journal of Recycling Economy & Sustainabity Policy (RESP) is an international, peer-reviewed journal that publishes original research and review articles on recycling economy, circular economy, sustainability, environmental policy, climate change, green finance, and related interdisciplinary fields.

The journal aims to contribute to the development of sustainable policies and practices by promoting scientific knowledge and innovative approaches.

OPEN ACCESS POLICY

This journal provides immediate open access to its content on the principle that making research freely available to the public supports a greater global exchange of knowledge.

PEER REVIEW PROCESS

All submissions are first evaluated by the editorial office for suitability. Manuscripts that meet the journal's scope and standards are sent to at least two independent reviewers. The final decision is made by the Editorial Board based on the reviewers' reports.

DISCLAIMER

The views and opinions expressed in the articles published in this journal are those of the authors and do not necessarily reflect the official policy or position of the Journal of Recycling Economy & Sustainability Policy, the editors, or the publisher.
